

MEMBERSHIP IN FAITHFUTURES FOUNDATION

Various levels of membership are available to groups and individuals wishing to support the objectives of the Foundation.

COME JOIN US!

You are invited to consider joining FaithFutures Foundation at an appropriate membership level.

Existing or newly-formed groups can register as a Cooperation Circle and share in the ownership and direction of the Foundation. Individuals can join the Foundation if Circle membership is not available, and other Organizations can register as Affiliates.

We believe that grassroots collaboration between people of faith around the globe is essential as we seek to imagine and implement the future forms of our religious traditions.

By working together in this way, we can advance justice and peace, and contribute to the wellbeing of the entire Earth community. We welcome your interest and look forward to your support.

Please contact me directly if you have any questions about the Foundation, or have any suggestions about furthering its work.

Collective Membership

as a Cooperation Circle

Full membership is available to groups and organizations that register as a Cooperation Circle.

Cooperation Circle members share the ownership and leadership of the Foundation. They initiate action and research at their own level of organization, and participate in regular communication within the

Foundation. They offer and receive mutual support, select Trustees to the Global Council and, in their own way advance the process of imagining and implementing the forms that religion will take in the future. Each Cooperation Circle is asked to make a financial gift or to offer some other contribution that expresses its desire to engage in the work of the Foundation.

Application forms available online at:

Individuals can join the Foundation if participation in a Cooperation Circle is not possible or, for whatever reason, not desirable.

Individual members are invited to make a membership contribution that expresses their personal support for the Foundation.
